- Caveats:
1. These numbers do not include imputed FTE, which is calculated at the end of each semester.
  2. These numbers are based on the Summer semester and are "UNOFFICIAL". The purpose of this report is to provide point-in-time comparisons between the current semester and the same semester of last year.
  3. \*The comparison point represents the same date for each year. The actual date of the sample varies from year to year, but it is the same date, relative to when the term stops;
