AID APPLICATION STEPS

- 1. APPLY FOR ADMISSION TO MCC.** Applications are available from Student Services, at any of our Centers or on-line at www.morgancc.edu
- 2. COMPLETE THE FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)** available January 1st of each year prior to the semester you plan to attend. Effective October, 2016, and beginning with the 2017-2018 academic year, the FAFSA will be available October 1st of each year. This application is for Federal and State aid as well as Federal Student Loans and work- study. FAFSA worksheets are available from the Financial Aid Office. You may complete the application through FAFSA on the Web, at www.fafsa.gov . It will take approximately 3-7 days to receive a Student Aid Report (SAR) which recaps the information you submitted.

PRIORITY DATES FOR COMPLETION OF AID FILES

Fall Semester 16-17	April 1, 2016
Spring Semester 16-17	November 1, 2016
Summer Semester 16-17	April 1, 2017

WHAT IS FINANCIAL AID?

The purpose of the financial aid program is to assist students who, without such help, would be unable to pursue their educational goals. The primary responsibility for financing this education rests with the student and/or his or her family.

Colleges and universities provide supplemental assistance to students who show documented financial need which is determined when the FAFSA application is processed. Need is calculated by taking the college's Cost of Attendance (COA) minus the Estimated Family Contribution (EFC) from the Student Aid Report (SAR/FAFSA results) minus any Estimated Financial Assistance (EFA) which includes grants, scholarships, student loans, Veterans Education Benefits, tuition/fee/book assistance and outside resources.

$$\text{COA} - \text{EFC} - \text{EFA} = \text{NEED}$$

The Federal Pell Grant and all other federal and state grants are awarded based on need. Scholarships can also be based on need for awarding, but require a separate application and are more often based on merit and academic performance.

WHO IS ELIGIBLE TO APPLY?

1. Students enrolled in an eligible degree or certificate program (see listing on page 5). Some exceptions apply.
2. Students who have a high school diploma or GED certificate.
3. U.S. citizens or eligible non-citizens.
4. Male students registered with Selective Service. (Males born on or after January 1, 1960)
5. Those who maintain the MCC Standards of Satisfactory Progress.
6. Students who are not in default on a student loan received from any college.
7. Students who do not owe a repayment on any federal grant received from any college.
8. Students who have not earned a Bachelor's Degree. (Students with a Bachelor's Degree may apply for work study, student loans, and programmatic grants. The Financial Aid Director may determine that the student is eligible for other aid resources if additional funding is available).
9. Students not convicted in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance while receiving aid.

REMEDIAL/DEVELOPMENTAL COURSE WORK

The Colorado Commission on Higher Education has instituted a policy on remedial/developmental course work for students. This policy was initiated in August 2000. Degree and certificate seeking students who are assessed and need remediation for basic skills proficiency in reading, writing, and/or mathematics will be provided notification. It is the student's responsibility to enroll in appropriate remedial course work prior to attempting 30 credit hours at Morgan Community College. Students with 30 or more attempted credit hours may not be eligible for Colorado funded aid for remedial/developmental courses.

***Students enrolled in GED programs/high school and college credit at the same time are NOT eligible for Federal and State Financial Aid.**

STUDENT'S RIGHTS AND RESPONSIBILITIES

There are certain rights and responsibilities that accompany participation in the federal and state financial aid programs.

1. The student understands that all financial aid awards are contingent upon MCC's receiving adequate state and federal funding and the policies and procedures may change during the course of an award year as the result of regulatory changes or loss of funding.
2. The student will promptly notify the financial aid office, in writing, of any changes (not indicated on the original application for financial aid) concerning any other outside scholarship or resources (e.g. JTPA, Work Force, Vocational Rehabilitation, V.A., etc.) or a change in residency classification, etc., that may affect aid eligibility.
3. The student will promptly correct their record with any change in name, address, and phone number.
4. All student financial aid is contingent upon the applicant's continued eligibility and the availability of funds. The college reserves the right to review and cancel any financial aid award at any time due to changes in the applicant's status or the availability of funds.
5. The student agrees to conform to the policies, procedures, and other requirements stated in this handbook, regarding satisfactory progress (SAP) and Return of Title IV Funds (R2T4).
6. The student can receive need-based **financial aid from only one school at a time.**
7. The student will complete a degree change form in Student Services if their educational path changes.
8. The student has the right to appeal any decision made by the Financial Aid Office by submitting a written appeal to the Appeals Committee. (Additional information is available in the "Appeal" section of the Satisfactory Progress Policy portion of this handbook.)
9. The college reserves the right to modify financial aid policies and procedures as deemed necessary. New policies will be available for student review in the financial aid office.

WARNING: Any person(s) that knowingly makes a false statement or misrepresentation on any portion of his or her financial aid application, including supporting documents, shall be subject to a fine and/or imprisonment under the United States Criminal Code. Individuals willfully misrepresenting information provided in applying for Colorado student aid funds are subject to penalty of Colorado law.

PROGRAMS AT MCC

ELIGIBLE FOR FINANCIAL AID:

- MULTIMEDIA
 - Multimedia Certificate
 - Multimedia Associate of Applied Science
- NURSING
 - Nursing Associate of Applied Science
 - Licensed Practical Nursing
- RADIOLOGIC TECHNOLOGY
 - Radiologic Technology Program Admission, Prerequisites, and Additional Requirements:
 - Radiologic Technology Associate of Applied Science
- WELDING TECHNOLOGIES
 - Welding Shielded Metal Arc (Stick) Certificate
 - Welding Gas Tungsten Arc/Gas Metal Arc (TIG/MIG) Certificate
 - Welding AWS Skills Certificate
 - Welding Technology Associate of Applied Science

NOT ELIGIBLE FOR FINANCIAL AID:

- Early Childhood Education Infant/Toddler Teacher Certificate
- Early Childhood Teacher Certificate
- EMS Continuing Education
- Emergency Medical Technician Certificate
- Emergency Medical Technician Intermediate Certificate
- Emergency Medical Technician Advanced Certificate
- Health Science Technology Certificate
- Multimedia Foundations of Graphic Design Certificate
- Multimedia Foundations of Web Design Certificate
- Multimedia Foundations of Video and Animation Certificate
- Nurse Aide Certificate
- Phlebotomy Technologies Certificate
- Fire Science Certificate

Undeclared Academic / Occupational Students - State and Federal regulations limit the use of their funding for only those programs that meet their eligibility criteria. MCC uses the same criteria for most of our funding, however, the Financial Aid Office may occasionally make exceptions when using MCC funds. New programs may be added throughout the year. Please check with the financial aid office if your program of study does not appear on either list.

UNDERSTANDING THE PROCESS

HOW FINANCIAL AID IS DETERMINED

Once you have completed your financial aid file, MCC determines your award as follows:

First, the information received from the FAFSA indicates what your family contribution is for one year of education (EFC).

Second, MCC establishes a student budget to estimate average cost for one academic year of education (see table below) (COA).

Third, the formula below is applied. Students may receive financial aid up to, but not in excess of financial need and/or COA. Awards are made to students on a rolling basis until all sources of funding are spent.

FORMULA: Cost of Attendance (COA) – Estimated Family Contribution (EFC) = FINANCIAL NEED

Note: Students receiving scholarships only do not require the needs analysis above, but all students are encouraged to complete the FAFSA as there are need based scholarships.

Estimated MCC STUDENT BUDGETS FOR 2016 - 2017

	FT In-State AT HOME	FT In-State AWAY from HOME	FT Out-of-State AWAY from HOME
Tuition/Fees	\$3470	\$3470	\$7664
Living Allowance	\$9475	\$14920	\$20920
Books	\$1800	\$1800	\$1800

Enrollment Status

Full-time: 12 credits or more

Three-quarter time: 9-11 credits

Half-time: 6-8 credits

Less than half-time: 1-5 credits

VERIFICATION PROCEDURES

A student selected for verification will be required to provide documentation to the Financial Aid Office.

A student is notified of verification selection on their SAR or by the Financial Aid Office and are requested to return the needed documentation. A student must respond within 30 days to keep their file active. A student may reactivate their file after 30 days by submitting all or part of the requested documentation. All documentation must be received within 60 days of the last date of attendance or by June 15 of the academic year to receive payment of aid, except for Federal Pell Grant. For Federal Pell Grant program purposes, an applicant selected for verification must provide requested documentation within 60 days of the last date of enrollment for the award year or by August 31, whichever is earlier.

The following documents may be used to verify information: Verification Worksheets, IRS Tax Return Transcripts, W2s, School Transcripts, SNAP, TANF, Social Security benefits, child support received and/or paid. Other documents may be requested by the Financial Aid Office.

If a student's award changes as a result of verification, MCC will correct the information and submit it for reprocessing. MCC may refer any situation to local or state law enforcement agencies and report the referral to the Secretary of Education if there is reason to believe that the applicant applied for aid under false pretenses.

NOTIFICATION OF AWARD

Once MCC determines the student financial aid award, an **Award Notification** letter is sent to the student. An award letter needs to be returned to the Financial Aid Office **only** if declining aid. In some cases adjustments may be made to an aid award due to a change in enrollment status, etc. Students will be notified of changes with a new award notification via CCCS student email.

PACKAGING POLICY

The Federal Pell Grant is the base for a student's financial aid package and is awarded first, dependent on student eligibility for the federal funding. Priority for additional funds will be made to those students who complete their financial aid file prior to April 1.

FSEOG will be awarded to those students with the highest need during the academic year. State funds will be awarded to students who meet CCHE established requirements and meet the April 1, priority deadline. Henry D. Ford Direct Loans are available to all students who express interest and meet eligibility requirements.

REVIEW AND CANCELLATION OF AWARDS

The college reserves the right to review and cancel the financial aid awards at any time because of changes in financial resources, residency, marital status, for failure to maintain good academic or financial aid standing, and for disciplinary reasons. Award adjustments may be made if additional information concerning a student's eligibility is received after awards are made. From time to time it becomes necessary for various reasons to change the specific guidelines and requirements for a given award. These changes may occur without notice due to a shortage of funds or the total number of students applying.

DISBURSEMENT OF FINANCIAL AID AND BOOKSTORE CHARGES

Financial aid is applied directly to the student's account following the end of the official add/drop period. Students eligible for sufficient scholarship/grant aid will be allowed to charge books up to the remainder of their aid.

Students who have financial aid funds remaining after all charges have been paid will receive a remainder refund. Please refer to the Financial Aid Calendar for dates of disbursement of aid.

CONTINUED ELIGIBILITY FOR FINANCIAL AID

In order to maintain eligibility for awarded aid during the academic year, students must pursue an eligible degree or certificate program and must maintain the Standards of Satisfactory Academic Progress (SAP).

In addition, eligibility for financial aid must be established each academic year. Therefore, an application for need-based aid (FAFSA) as well as merit-based aid (MCC Foundation scholarship application) must be submitted early in the spring semester of the current academic year for the upcoming academic year.

As of July 1, 2012, a student who reaches 600% of Federal Pell grant disbursements is no longer eligible for Federal Pell grant funding. The 600% Lifetime Eligibility used (LEU) is equal to 12 full-time semesters or full time fall/spring attendance for six years.

STANDARDS OF SATISFACTORY ACADEMIC PROGRESS

MCC will review the cumulative academic progress of financial aid applicants enrolled in an eligible degree and/or certificate program. The purpose of this review process is to determine whether a student is making satisfactory progress towards their educational goal in both qualitative and quantitative measurements. The qualitative measurement consists of the cumulative grade point average as determined by the Colorado Community College System Standards of Academic Progress. The quantitative measurement contains two components: (1) the cumulative completion rate of credit hours completed versus credit hours attempted expressed as a percentage rate of completion and (2) the maximum time frame allowed for a student to complete their certificate or degree program expressed as a percentage of total credits required. Review of Satisfactory Academic Progress will take place at the end of each semester.

Federal regulations require that a student's entire academic record be reviewed for satisfactory academic progress, whether or not financial aid was received. This includes those institutions that offer academic amnesty programs that exclude previous grades from being calculated into their current GPA. All applicants will be evaluated in the same manner, whether or not they have previously received financial aid at that institution.

SATISFACTORY ACADEMIC PROGRESS

Background

Each institution of higher education that receives Federal Title IV Funds is required by the U.S. Department of Education to define and enforce standards of satisfactory academic progress. Satisfactory Academic Progress measures a student's performance in the following three areas: cumulative completion rate, cumulative grade point average (GPA), and maximum time frame. The Financial Aid Office at each Colorado Community College System college is responsible for ensuring that all students applying for or receiving federal, state of Colorado, or designated institutional financial aid funds, are meeting these standards. The Standards of Satisfactory Academic Progress apply for all applicable financial assistance programs including Federal Pell Grant, Federal Perkins Loan, Federal Work-Study (FWS), Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Family Education Loans (Stafford and PLUS), as well as assistance from the state of Colorado and the college.

Introduction

Each institution will review the cumulative academic progress of financial aid applicants enrolled in an eligible degree and/or certificate program. The purpose of this review process is to determine whether a student is making satisfactory progress towards their educational goal in both qualitative and quantitative measurements. The qualitative measurement consists of the cumulative grade point average as determined by the Colorado Community College System Standards of Academic Progress. The quantitative measurement contains two components: (1) the cumulative completion rate of credit hours completed versus credit hours attempted expressed as a percentage rate of completion and (2) the maximum timeframe allowed for a student to complete their certificate or degree program expressed as a percentage of total credits required. Review of Satisfactory Academic Progress will take place at the end of each semester.

Federal regulations require that a student's entire academic record be reviewed for satisfactory academic progress, whether or not financial aid was received. This includes those institutions that offer academic amnesty programs that exclude previous grades from being calculated into their current GPA. All applicants will be evaluated in the same manner, whether or not they have previously received financial aid at that institution. (See Article VI for information on Review of Satisfactory Academic Progress for First Time Financial Aid Applicants).

This procedure applies to all Colorado Community College System (CCCS) colleges.

Basis:

The U.S. Department of Education establishes requirements for enforcing standards of Financial Aid Satisfactory Academic Progress (SAP). Each college may have slightly varying internal processes based upon the organizational structure at its institution.

Procedure:

I. Overview & Applicability

SAP measures a student's performance in the following three areas: cumulative completion rate, cumulative grade point average (GPA), and maximum time frame. The Financial Aid Office at each college is responsible for reviewing the cumulative academic progress of all enrolled students at the end of each term. The purpose of this review process is to determine whether

a student is making satisfactory progress towards their educational goal in both qualitative and quantitative measurements. The qualitative measurement consists of the cumulative grade point average as determined by the Colorado Community College System Standards of Academic Progress (CCCS ES 4-81). SP 4-20d

The quantitative measurement contains two components: (1) the cumulative completion rate of credit hours completed versus credit hours attempted expressed as a percentage rate of completion and (2) the maximum time frame allowed for a student to complete their certificate or degree program expressed as a percentage of total credit hours required. Review of SAP will take place at a minimum of once per term for all enrolled students. A student's entire academic record will be reviewed and evaluated for SAP whether or not financial aid was received. The process to review Financial Aid SAP eligibility will be the same for all enrolled students. All coursework, including coursework for which a college has offered academic amnesty (including credit hours excluded from the GPA cumulative calculation as in the Academic Second Chance or Academic Renewal Policies), must be included in the review process. Colleges will notify financial aid applicants of their SAP status. A student is considered to be a financial aid applicant if they complete the Free Application for Federal Student Aid (FAFSA) or if they are offered funding to assist in educational costs through the Financial Aid Office. The SAP standards apply to all applicable forms of financial assistance programs including Federal Pell Grant, Federal Perkins Loan, Federal Work-Study (FWS), Federal Supplemental Educational Opportunity Grant (FSEOG), Direct Stafford Loans, Direct PLUS loans as well as assistance from the State of Colorado. Colleges will determine what institutional funds will be affected by the student's SAP status.

II. Definitions of Financial Aid Satisfactory Academic Progress Status

Students who fail to meet either the quantitative or the qualitative criteria will be notified of their status in accordance with the definitions below:

- a. Good Standing: Student is eligible to receive all types of aid.
 - Student has cumulative GPA at or above 2.0.
 - Student has cumulative completion rate at or above 67%.
 - Student has attempted less than 110% of required number of credit hours for enrolled degree or certificate program.
- b. Alert: Student has attempted 110%, but less than 150%, of required number of credit hours needed for their degree or certificate program. Student is eligible to receive all types of financial aid.
- c. Warning: Student was previously in Good Standing but failed to meet one of the SAP criteria stated below. Student will continue to receive aid while on Warning status.
 - Student has cumulative GPA below 2.0; and/or
 - Has cumulative completion rate below 67%
- d. Ineligible for Aid: Student has 0% completion for evaluation period and/or failed to comply with stated SAP criteria while on Warning or Probation. Student is not eligible to receive financial aid (federal, state or designated institutional financial aid).

- Student has under a 2.0 GPA and/or 67% cumulative completion rate.
- Student has attempted 150% or more of required number of credit hours needed for degree or certificate program.
- Student did not receive acceptable grades in any course(s) within a single term [see (VI)(b)].

e. Probation: Student will be placed on Probation if the student was previously Ineligible for Aid, made an appeal and the appeal was granted (see VIII). Student will be eligible to receive financial aid for one term while on Probation.

f. Academic Plan: Student who has eligibility reinstated under an approved Academic Plan and is successfully following that plan is eligible to receive financial aid and continues to be eligible for aid while following the approved Academic Plan.

- Financial aid eligibility will be reviewed at the end of each term according to the approved Academic Plan.

III. Financial Aid Satisfactory Academic Progress Criteria

In order to meet SAP requirements, financial aid applicants and recipients must meet the qualitative and quantitative measurements outlined below:

a. Qualitative Measure: Cumulative GPA Requirement

- Students must maintain a minimum cumulative grade point average of 2.0 for all credit hours attempted.

b. Quantitative Measure: Cumulative Completion Rate

- Students must complete at least 67% of cumulative attempted credit hours.
- The completion rate is defined as the percentage of the total number of credit hours completed divided by the total number of credit hours attempted over the entirety of a student's academic record at the college performing the calculation. $(\text{Credit hours Completed} / \text{Credit hours Attempted}) \times 100 = \text{Completion Rate}$
- Transfer credit hours on the student's record are included when computing the student's completion rate.
- Remedial/ credit hours are included in the calculation of the cumulative completion rate.

c. Quantitative Measure: Maximum Time Frame

- Students who have attempted 110% of the number of credit hours required for their degree or eligible certificate program will be sent an Alert notification. This notification will explain to students that they will be Ineligible for Aid when their total attempted credit hours are 150% of their total program credit hours.
- Federal regulations allow financial aid recipients to receive financial aid for a maximum number of attempted credit hours. Students attempting credit hours in excess of 150% of the required number of credit hours to complete their program of study will be Ineligible for Aid. If at any point in time it is determined

that a student cannot complete their program of study within 150% of the program length, the student will be Ineligible for Aid.

- Transfer credit hours are included in the calculation of maximum time frame.
- Attempted credit hours under all courses of study are included in the calculation of attempted and earned credit hours.
- Up to 30 remedial credit hours may be excluded from the maximum time frame calculation.
- ESL courses may be excluded in the maximum time frame calculation.

IV. Intersection of SAP Status and SAP Criteria

The following table demonstrates the intersection between SAP status and SAP criteria as defined in Sections II and III of this document. All measures are cumulative.

	GPA 2.0 or above	GPA below 2.0	Completion rate at 67% or above	Completion rate below 67%	Attempted less than 110%	Attempted between 110%-150%	Attempted more than 150%	Failed to complete any course during a single term	Plan approved for 1 term	Plan approved for more than 1 term
Good Standing	✓		✓		✓					
Alert						✓				
Warning		✓		✓						
Ineligible for Aid		✓		✓			✓	✓		
Probation									✓	
Academic Plan										✓

V. Evaluation of Financial Aid Satisfactory Academic Progress

- Review of SAP will take place at a minimum of once per term. The student's academic history is reviewed for: 1) cumulative GPA requirement; 2) cumulative completion rate; and 3) maximum time frame.
- A student's entire academic record will be reviewed and evaluated for SAP, whether or not financial aid was received. Based on all academic history a student may be considered Ineligible for Aid.
- The SAP evaluation process will occur at the end of each term of enrollment. When the student applies for financial aid (receipt of the Free Application for Federal Student Aid), the evaluation process will be completed based on the student's last term of enrollment and then updated at the end of each term for which the student is enrolled.

- d. All students who fail to meet SAP criteria will be placed on Warning or Ineligible for Aid. Financial aid applicants will be notified of their status.
- e. Students who have attempted 110% to 149% of the required number of credit hours for their program will receive an Alert notification.
- f. The Financial Aid Office will review GPA and credit hours attempted/completed through consortium agreements.

VI. Treatment of Completion and Repeats

- a. Grades of A, B, C, D, S, S/A, S/B, and S/C earned during all periods of enrollment will be considered acceptable for courses completed.
- b. Grades of F, U, I, W, AW, Z, U/D, U/F, SP, and AU earned during all periods of enrollment will not be considered acceptable for SAP.
- c. Repeated courses are counted for all qualitative and quantitative measurements, as is coursework removed from the permanent transcript.

VII. Treatment of Grade Changes

- a. Students are responsible for notifying the College Financial Aid Office of all grade changes that might affect current or future financial aid eligibility. A reevaluation of the students' status will be performed by the Financial Aid Office once the grade change has been communicated to the Financial Aid Office.
- b. Colleges reserve the right to notify students of this requirement based on the College's official means of communication.

VIII. Student Financial Aid Academic Progress Appeals

Each college is required to have a primary and a secondary process for students to appeal their eligibility. The secondary process is meant to address appeals of denied appeals from the primary process. All decisions made at the secondary level are final.

The process for appeals at the primary and secondary level will be defined by the College. A student may appeal when they have been placed on Ineligible for Aid status. These appeals must be submitted to the College Financial Aid Office or designated location with supporting documentation. The student is responsible for presenting sufficient information and documentation to substantiate the existence of extenuating circumstances. Each college may request additional documentation as student's extenuating circumstances warrant it.

- a. Appeals must include the following information:
 - Why the student failed to make SAP; and
 - What has changed that will allow the student to make SAP at the next evaluation.
- b. Appeals may be submitted for extenuating circumstances, such as:
 - Medical problems (family illness);

- Family emergency (death of a family member); or
- Other documented extenuating circumstances beyond the student's control.

c. Students may also appeal on the basis of:

- funding for an additional degree or certificate.

d. Colleges may approve an appeal if:

- the college has determined the student will be able to meet SAP standards at the end of the subsequent term given the merits of the appeal and reasonable resolution of a student's extenuating circumstance; or
- the college and the student develop a plan that ensures the student is able to meet the college's SAP standards by a specific time or that the plan takes the student to successful program completion.

e. Students will be notified by the College of the outcome of their appeal. Under no circumstances can Probation be assigned to a prior term.

f. Colleges may notify students prior to the end of the term or prior to official posting of the financial aid SAP status if the student's academic progress indicates they will be ineligible for aid at the end of the term. This includes students who withdraw from the term or fail to meet the terms of their conditional probation.

g. Colleges may set deadlines for SAP Appeal submissions to allow for processing of the appeal and, if successful, the processing of financial aid prior to the end of a term.

IX. Reinstatement of aid:

a. Students who lose financial aid eligibility because they are not meeting the college's SAP standards will regain eligibility when they are again meeting the qualitative and quantitative standards as set previously in this policy.

b. Students may also regain eligibility through the appeal process.

c. Upon successful reestablishment of eligibility, the student will be awarded financial aid based on the availability of funds at the time of reestablishment. Students may, or may not, receive all funds awarded prior to the loss of eligibility.

Revising this Procedure

CCCS reserves the right to change any provision or requirement of this procedure at any time and the change shall become effective immediately.

RETURN OF TITLE IV FUNDS

This procedure applies only to the Return of Title IV requirements established by the federal government. The return of funds requirement is a complex process involving a great deal of interoffice cooperation. This procedure is applied to thirteen colleges that make up CCCS, each college of which may have slightly varying internal processes and structure based upon organizational structure.

Procedure

Process Overview & Applicability

Title IV funds are awarded to a student under the assumption that the student will attend courses for the entire enrollment period for which the assistance is awarded. Students who do attend and successfully complete the entire enrollment period, are assumed to have 'earned' 100% of the Title IV funding disbursed. Schools are required to perform a Return of Title IV calculation for Title IV eligible students who do not successfully complete the entire enrollment period due to withdrawal (official or unofficial). If the amount disbursed to the student is greater than the amount the student earned, the unearned funds must be returned. If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, the student is eligible to receive a Post-withdrawal disbursement of the earned aid that was not received.

- a. The Return of Title IV calculations are required when a student has dropped, failed, received an unsatisfactory grade (U/D, U/F) or withdrawn, officially or unofficially, from any enrolled course during a period of enrollment at the college. Students, who fail to complete some courses, but not all enrolled courses, may be included in the Return of Title IV calculations. Title IV funds to be included in the calculation are: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Direct Stafford Loan (subsidized and unsubsidized), Federal PLUS loan, and Perkins loans.

Note: Federal Work Study funds are not included in the calculation

- b. CCCS procedure does not require its colleges to take attendance as a general rule. Under some circumstances, attendance may be taken as required by:
 - An outside entity (i.e., accreditor, state) for a particular student or cohort of students;
 - The college itself has a requirement that its instructors take attendance; or
 - The college or an outside entity has a requirement that can only be met by taking attendance or a comparable process to demonstrate attendance in courses of that program or a portion of that program.

Therefore, all CCCS colleges will, as a general rule, use the standard 50% of the term as the last date of attendance (LDA) unless an actual date can be documented by the college. In such cases, that date will be the last date of attendance for the Return of Title IV calculations. If the outside entity has a requirement for attendance for a sub-group of students, then that sub-group of students are bound by the "college required to take attendance" rules.

Establishing a Withdrawal Date

When a student withdraws from a course or ceases to attend, they establish a withdrawal date at that time.

- a. Official Withdrawals-The withdrawal date is the date the student completes the college withdrawal process. When all courses receive a 'W', the withdrawal date is considered the date of initiation by the student or school as in the case of cancelled courses or student appeals.

- b. Unofficial Withdrawals- The last date of attendance for an unofficial withdrawal is the documented date recorded by the college or, if no date is available, the midpoint of the student's term of enrollment. The last date of attendance is the last date a student participated in an academically related activity.
- c. A student is considered to have withdrawn from a payment period or period of enrollment if within that same payment period or period of enrollment the following occurs:
- For a program that is measured in credit hours, the student does not complete all the days the student was scheduled to complete.
 - For a non-term or nonstandard-term program, the student is not scheduled to begin another course for more than 45 calendar days after the end of the module the student ceased attending.

d. Withdrawal Dates for Courses Offered In Modules

If a student is enrolled in at least one module course, they are considered a module student and thus the following conditions apply. Colleges will be able to determine whether a student enrolled in a module(s) is a withdrawal by asking the following questions:

1. After beginning attendance in the payment period or period of enrollment, did the student cease to attend or fail to begin attendance in a course they were scheduled to attend? If the answer is no, this is not a withdrawal.

If the answer is yes, go to question 2.

2. When the student ceased to attend or failed to begin attendance in a course they were scheduled to attend, was the student still attending any other courses? If the answer is yes, this is not a withdrawal; however other regulatory provisions concerning recalculation may apply.

If the answer is no, go to question 3.

3. Did the student confirm attendance in a course in a module beginning later in the period (for non-term and nonstandard-term programs, this must be no later than 45 calendar days after the end of the module the student ceased attending)? If the answer is yes, this is not a withdrawal, unless the student does not return. If the answer is no, this is a withdrawal and the Return of Title IV Funds requirements apply.

e. Written Confirmation of Future Attendance

A student is not considered to have withdrawn if the college obtains written confirmation from the student close to the date that the student actually ceased attendance and before the time the college was required to return Title IV funds, offer any post-withdrawal disbursement of loan funds, or take any other action under the Return of Title IV requirements, that the student will attend a module that begins later in the same payment period or period of enrollment.

- A student may also reaffirm their intent to attend by registering for a future course at the time of the withdrawal.
- A college may not wait to perform a Return of Title IV Funds calculation to see if the student who has withdrawn and has not provided written confirmation of future attendance will return later in the payment period or period of enrollment. The college is required to undo the Return of Title IV Funds calculation if a student who withdraws from a non-term credit hour program returns to the same program at the college within 180 calendar days. The student is treated as though they did not cease attendance. Similarly, if a student withdraws from a term-based credit-hour program offered in modules during a payment period or period of enrollment and reenters prior to the end of the period, the student is eligible to receive any title IV program funds that they were otherwise eligible to receive prior to withdrawal.

- If the student does not return for the future module after providing written confirmation of future attendance, a return calculation must be completed.

f. Time Frame for Determining a Withdrawal Date

- Official withdrawals-The withdrawal date is determined within 30 days of the date of withdrawal.
- Unofficial withdrawals-The withdrawal date is determined within 30 days of the end of the term.

g. Rescinding Withdrawal

- A college may allow a student to rescind their official notification to withdraw by filing a written statement that they will continue to participate in academically-related activities and intends to complete the payment period or period of enrollment.
- If the student subsequently withdraws after rescinding an intent to withdraw, the withdraw date is the date the student first provided notification to the college or began the college's withdrawal process, unless a last date of attendance or academically related activity is documented.

h. Extenuating Circumstances

Students with extenuating circumstances may not be able to officially withdraw. For these students the college will use the date the college was notified that the student could no longer attend (i.e., death, hospitalization, incarceration, etc.).

i. Leaves of Absence

The system colleges do not grant any leaves of absence.

j. Academically Related Activity

An academically related activity may be used by faculty to establish the last date of attendance. These include physically attending a course where there is an opportunity for direct interaction between the instructor and students, such as:

- Submitting an academic assignment,
- Taking an exam,
- Attending a study group assigned by the college,
- Participating in an online discussion about academic matters, and
- Initiating contact with a faculty member to ask a question about the academic subject studied in the course.
- The college is to exclude those activities where the student is not academically engaged such as:
 - Living in college housing,
 - Participating in the college's meal plan,
 - Logging into an online course without active participation, or
 - Participating in academic counseling or advisement.

For students enrolled in a distance education context, logging in is not sufficient, by itself, to demonstrate academic attendance by the student. A college must demonstrate that a student has participated.

Calculating Return of Title IV

After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds they were scheduled to receive during the period. If a student withdraws after the 60% point-in-time, there are no unearned funds. A college must still determine whether the student is eligible for a Post-withdrawal disbursement.

Post-Withdrawal Disbursement

The amount of the post-withdrawal disbursement is the difference between the amount of Title IV funds disbursed and the amount earned.

A college may not make a post-withdrawal disbursement of any of the following Title IV funds:

- Second or subsequent Direct Loan disbursements to a student who did not graduate or successfully complete the loan period.
- Direct Loan disbursement to a first-time, first year undergraduate who withdrew before completing the first 30 days of their program at a college that is not exempt from the delayed delivery/disbursement requirement.
- Direct Loan or Federal Perkins Loan disbursement to a borrower who has not signed the loan's promissory note.
- Disbursements of any Title IV funds to students for whom the college did not receive a valid Institutional Student Information Record (ISIR) or Student Aid Record (SAR) prior to the student withdrawing or by the annual deadline published by the U.S. Department of Education in the Federal register.
- Federal Pell Grant, FSEOG or Perkins Loan disbursement for a subsequent payment period to a student who withdrew from a non-term credit hour program before completing the previous payment period for which the student has been paid.

Post withdrawal notification requirements:

- The notification must include the information necessary to make an informed decision on whether the student or parent would like to accept the disbursement.
- The notice must be sent within 30 calendar days after the date that the college determines the student withdrew.
- The notice must permit the parent/student to determine which funds, if any, they wish to decline/accept.
- The notice must also advise that if there is no response within 14 calendar days the college is not required to make the post-withdrawal disbursement and funds will be returned to the Title IV programs.
- If the notification is received from the student/parent within 14 days, the college must disburse funds within 180 days. If authorization is received after the 14 day deadline the college must notify the student or parent that the disbursement will not be made and why.

Returning Unearned Funds

The college will return Title IV funds to the programs from which the student received aid during the period of enrollment as applicable, in the following order, up to the net amount disbursed from each source:

- Unsubsidized Direct Stafford Loans
- Subsidized Direct Stafford Loans
- Federal Perkins Loans
- Direct PLUS loans
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grants (FSEOG)

Deadlines

- Within 45 days from the date the college determined that the student withdrew, the college will return unearned funds for which the college is responsible.
- Within 30 days from the date the college determined that the student withdrew, the college will offer a post withdrawal disbursement, if applicable.
- A student that does not repay the grant overpayment in full to the college, or enter a repayment agreement with the college or U.S. Department of Education within the earlier of 45 days from the date the college sends a notification to the student of the overpayment, or 45 days from the date the college was required to notify the student of the overpayment will lose their eligibility for Title IV funds.

The letter sent to the student must inform them of the dollar amount owed, the method for repaying the funds, and to whom, as well as the consequences of failing to repay the funds. If the student repays the funds to the college, the financial aid office will be responsible for returning the unearned funds to the proper program.

- Shortly, after 45 days have elapsed from the date the student was informed in writing of their repayment obligation, if the student has not repaid the overpayment in full:
 - a. The college will report the overpayment to National Student Loan Data System (NSLDS).
 - b. The college will refer the student's overpayment to the U.S. Department of Education for collection. The referral must be on college letterhead.
 - c. The college must report any satisfactory payment arrangements on NSLDS and correctly change the status code within NSLDS to reflect the same.

Over-award Resolution

MCC considers the returned funds as the student's debt to the college.

Secondary Review of R2T4 Calculations

It is MCC Financial Aid Office Policy to conduct a secondary review on a minimum of 50% of the R2T4 Calculations that are performed each term. This secondary review is to be conducted by the Financial Aid Processing Advisor.

The procedures and policies listed above supersede those published previously and are subject to change at any time.

MCC Tuition Refund Policy

If a student officially drops a class before the census date (last date to drop the class) a refund of 100% of tuition and fees will be made. There will be no refund after that date.

SPECIAL CIRCUMSTANCES

MCC reserves the right to make refunds in excess of the amounts calculated under the above criteria or to adjust the amounts incurred for repayment calculations for special circumstances.

TYPES OF FINANCIAL AID AVAILABLE

There are two types of need-based aid: gift and self-help.

Gift assistance includes grants from state, federal and institutional sources. Self-help indicates the student has a responsibility to provide his or her fair share of the cost of going to school.

Self-help funds are comprised of work-study and/or loans.

Students must be enrolled in a minimum of six credit hours per semester in order to receive funds from most of the following programs. Any exception to this six-credit hour rule is noted in the program description. Scholarship assistance is generally awarded regardless of financial need. Each scholarship has its own criteria.

GIFT ASSISTANCE

➤ SCHOLARSHIPS

Scholarships do not have to be repaid and are available to MCC students who are enrolled at least half-time in an eligible degree or certificate program. Some scholarships/grants may be awarded to undeclared, non-resident, and non-citizens. Recipients may be selected based upon their EFC, GPA, goals and or desires. Scholarship applications should be completed and submitted to the Financial Aid Office prior to April 1 for top consideration for the next academic year. **Funding for programs which are the result of individual contributions are not guaranteed by the Colorado General Assembly.**

Generally, students may receive only **one** MCC awarded scholarship. Since the college has limited scholarship funding, this allows more students to participate in scholarship programs. **Students who have completed a Bachelor's degree (or higher) are not eligible to apply.** MCC reserves the right to make exceptions to this policy.

◆ MCC FUNDED SCHOLARSHIPS

SOPHOMORE SCHOLARS SCHOLARSHIP Guarantees grants or scholarships to pay sophomore year tuition and fees up to 30 credit hours (subject to continued funding each year). Colorado resident high school graduates who have successfully completed (with a 'C' or better) 30 credits of MCC college courses as high school juniors or seniors are invited to apply. Applications are due April 1 for May high school graduates and November 1 for December high school graduates. This program is available for up to three academic semesters beginning the summer or fall semester after high school graduation.

MCC PROMISE SCHOLARSHIP Guarantees grant and/or scholarship funds (not a loan or work study) of at least \$750.00 per semester (fall/spring) towards tuition and fees for full-time students, based on annual state/private scholarship funding levels. The MCC Promise Financial Aid Award will be applied to the student's tuition/fee charges. Once enrolled at MCC, students must maintain a 2.0 or higher GPA and complete full-time hours (12 or more credits) each semester. The MCC Promise Financial Aid Award may be renewed for up to 4 terms of continuous enrollment (fall/spring –summer not included). Renewal application is required each academic year. Guarantee made to recent high school graduates (within the last three years) from high schools in MCCs service area.

MCC GED SCHOLARSHIP This scholarship is awarded to students scoring at least 3000 points on their battery of GED tests completed at the MCC Testing Center. Scholarships are awarded at the GED ceremony in May and are good for the following fall or spring terms. The amount of the scholarship is up to full-time tuition/fees for one semester, however, no award may exceed the amount of tuition/fees.

MCC VOCATIONAL SCHOLARSHIPS First place winners in certain State competitive events for specific Vocational Student Organizations may receive scholarships for the next academic year of up to \$1000. MCC determines annually, with the advice of local advisors, which VSO's and which events will be sponsored.

◆ STATE SCHOLARSHIPS

COLORADO MERIT SCHOLARSHIP Recipients will be selected from applicants enrolled in the college as an undergraduate, enrolled full-time, and in a Title IV eligible program. New students must have a high school diploma, have completed homeschooling at the secondary level, or earned a GED with a grade point average of cumulative 3.25 or higher or if a GED recipient, a score of 700 or greater; returning students must have a grade point average of 3.25 or higher and demonstrate academic progress according to the published policy regarding Financial Aid Satisfactory Academic Progress; transfer students must submit academic transcripts (official or unofficial) from their prior institution that documents a grade point average of 3.25 or higher and demonstrate academic progress according to the published policy regarding Financial Aid Satisfactory Academic Progress for financial aid purposes. GPA is based on college-level coursework. Developmental coursework grades do not count in the calculation of GPA. Developmental coursework may be included in the term enrollment and used to determine the minimum 12 credit hours of enrollment. Other criteria such as community service or exceptional talents (music or art) may be used for consideration, but not the sole consideration. Students must submit a 2016-2017 Free Application for Federal Student Aid (FAFSA) and complete their file in the MCC Financial Aid Office to determine Title IV eligibility as a requirement to being considered for the Colorado Student Merit Aid Program. Award may be canceled for future terms if student completes less than 12 credit hours or earns below a 3.25 TERM GPA.

In addition, other organizations send scholarship applications to the school. Information about these scholarships is available in the Financial Aid Office along with the applications and can be found on-line. A list of Internet sites is also available in the office.

➤ **GRANTS**

Grants, like scholarships, do not have to be repaid. While scholarships are awarded on the basis of merit, grants are awarded to students on the basis of documented need. To apply for grants please see "Aid Application Steps".

FEDERAL PELL GRANT This Federal aid source is available to all eligible undergraduate students seeking their first degree. Award amounts range up to \$5815 based upon the student's financial need, costs at the school, and congressional allocation. The Financial Aid Office must have all required documentation before payment can be made.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG) This Federal grant ranges from \$100 - \$4000 per academic year for students showing exceptional financial need. Only those who qualify for Federal Pell grants are eligible for this additional grant.

COLORADO STUDENT GRANT (CSG) Colorado State grants are available to students classified as Colorado residents (tuition classification) based upon financial need. Awards of up to \$2200 are made depending on number of credits enrolled in.

CTE Certificate Tuition Assistance Program aid provides tuition assistance for low-income students enrolled in short CTE certificates that are ineligible for Federal Pell grant funding. Students must have a valid, Pell eligible EFC and be Colorado residents to apply.

◆ **MORGAN COMMUNITY COLLEGE GRANT PROGRAMS**

REGISTRATION GRANT Students in specific programs that are approved for the registration grant may apply.

SENIOR CITIZEN GRANT Persons 60 years of age and older who are classified as in-state students may obtain a scholarship to pay one-half of their tuition charges for credit courses up to six credit hours per term. This scholarship is applied to tuition

only. Any fees assessed are the responsibility of the student. To qualify for a tuition scholarship, a student must complete and return the Institutional Programmatic Grant Notification Form to the Financial Aid Office.

TECHNOLOGY ADVANCEMENT GRANT Students that are enrolled in online courses as first-time at MCC are eligible to receive a grant to help defray the added cost of online coursework.

NEW STUDENT GRANT Students who are new to MCC with no previous college history are eligible to receive a grant to help defray the cost of coursework.

COMPLETERS GRANT Students who have been absent from MCC for a year or more and have 15 or less credits needed to complete their degree are eligible to receive a grant to help defray the cost of coursework.

MUSIC SCHOLARSHIP Students enrolled in specific music courses may receive scholarship funding to defer the cost of tuition/and or fees.

MCC ADVANCEMENT GRANT Students enrolled in MCC courses that get cancelled for low/no-enrollment can apply for assistance to help defer the additional cost of enrolling in the same course in an online format.

PELL LIFETIME ELIGIBILITY LIMITS (LEU)

Public Law 112-74 amended HEA section 41(c)(5) limits the duration of a student’s eligibility to receive Federal Pell Grant to 12 semesters (or its equivalent). The calculation is performed by the Department of Ed and includes all years of the student’s receipt of Federal Pell Grant funding. Students must remain eligible to receive aid by meeting SAP standards in order to receive Pell Grant funding.

SELF-HELP ASSISTANCE

➤ WORK STUDY JOBS

MCC offers employment to allow students to earn money toward their educational expenses while attending school. Students are sometimes able to secure a job related to their particular program of study. Please see “Aid Application Steps” for information on how to apply for work study.

FEDERAL NEED-BASED WORK STUDY Allocations are made to students with financial need. Wages are earned on an hourly basis. Students may not earn in excess of the award amount. At least 7% of Federal Work Study is awarded to students for community service jobs. MCC also employs students in the “America Reads” & “America Counts” programs to work as tutors in grade schools.

COLORADO NEED-BASED WORK STUDY This program provides employment for Colorado residents (tuition classification) demonstrating financial need. Wages are earned on an hourly basis. Students may not earn in excess of the award amount.

COLORADO NO-NEED WORK STUDY The State of Colorado provides limited funds to employ students without regard to financial need who are Colorado residents (tuition classification). Wages paid on an hourly basis. Interested students must complete the FAFSA to determine eligibility.

➤ STUDENT LOANS

The *William D. Ford Federal Direct Loan (Direct Loan) Program* is the largest federal student loan program. Under this program, the U.S. Department of Education is your *lender*. There are four types of Direct Loans available:

- [Direct Subsidized Loans](#) are loans made to eligible undergraduate students who demonstrate *financial need* to help cover the costs of higher education at a college or career school.
- [Direct Unsubsidized Loans](#) are loans made to eligible undergraduate, graduate, and professional students, but in this case, the student does not have to demonstrate financial need to be eligible for the loan.
- [Direct PLUS Loans](#) are loans made to graduate or professional students and parents of dependent undergraduate students to help pay for education expenses not covered by other financial aid.
- [Direct Consolidation Loans](#) allow you to combine all of your eligible federal student loans into a single loan with a single *loan servicer*.

Annual Subsidized Limits

- 1st year Undergraduates = \$3,500
- 2nd year Undergraduates = \$4,500
- Remaining Undergraduate years = \$5,500
- Preparatory coursework needed to enroll as Undergraduate = \$2,625
- Preparatory coursework needed to enroll in Graduate/Professional Program if student has a Baccalaureate = \$5,500
- Teacher Certification if student has a Baccalaureate = \$5,500

Annual Unsubsidized Limits

- Dependent undergraduates whose parents can borrow PLUS = \$2,000
- 1st and 2nd year undergraduate dependent students whose parents cannot borrow PLUS and independent students = \$6,000
- Remaining undergraduate years for dependent students whose parents cannot borrow PLUS and independent students = \$7,000
- Preparatory coursework needed to enroll as Undergraduate = \$6,000
- Preparatory coursework needed to enroll in Graduate/Professional Program if student has a Baccalaureate = \$7,000
- Teacher Certification if student has a Baccalaureate = \$7,000
- Graduate/professional students = \$20,500

Aggregate Limits

- Undergraduate
 - Dependent students = \$31,000 (up to \$23,000 may be subsidized)
 - Independent students and dependent students whose parents cannot borrow PLUS = \$57,500 (up to \$23,000 may be subsidized)
- Graduate students
 - Subsidized = \$65,500 (includes Undergraduate borrowing)

- Unsubsidized = Defined by the U.S. Department of Education

➤ **SULA - Is there a time limit on how long I can receive loans?**

If you are a first-time borrower on or after July 1, 2013, there is a limit on the maximum period of time (measured in academic years) that you can receive Direct Subsidized Loans. This time limit does not apply to Direct Unsubsidized Loans or Direct PLUS Loans. If this limit applies to you, you may not receive Direct Subsidized Loans for more than 150 percent of the published length of your program. This is called your “maximum eligibility period.” Your maximum eligibility period is generally based on the published length of your current program. You can usually find the published length of any program of study in your school’s catalog.

For example, if you are enrolled in a four-year bachelor’s degree program, the maximum period for which you can receive Direct Subsidized Loans is six years (150 percent of 4 years = 6 years). If you are enrolled in a two-year *associate degree* program, the maximum period for which you can receive Direct Subsidized Loans is three years (150 percent of 2 years = 3 years).

Because your maximum eligibility period is based on the length of your current program of study, your maximum eligibility period can change if you change to a program that has a different length. Also, if you receive Direct Subsidized Loans for one program and then change to another program, the Direct Subsidized Loans you received for the earlier program will generally count toward your new maximum eligibility period.

Certain types of enrollment may cause you to become responsible for the interest that accrues on your Direct Subsidized Loans when the U.S. Department of Education usually would have paid it. These enrollment patterns are described below.

Do I become responsible for paying the interest that accrues on my Direct Subsidized Loans because . . .	Yes	No
I am no longer eligible for Direct Subsidized Loans and I stay enrolled in my current program?	X	
I am no longer eligible for Direct Subsidized Loans, did not graduate from my prior program, and am enrolled in an undergraduate program that is the same length or shorter than my prior program?	X	
I transferred into the shorter program and lost eligibility for Direct Subsidized Loans because I have received Direct Subsidized Loans for a period that equals or exceeds my new, lower maximum eligibility period, which is based on the length of the new program?	X	
I was no longer eligible for Direct Subsidized Loans, did not graduate from my prior program, and am enrolled in an undergraduate program that is longer than my prior program?		X
I lose eligibility for Direct Subsidized Loans and immediately withdraw from my program?		X
I graduated from my prior program prior to or upon meeting the 150 percent limit, and enroll in an undergraduate program that is the same length or shorter than my prior program?		X
I enroll in a graduate or professional program?		X
I enroll in preparatory coursework that I am required to complete to enroll in a graduate or professional program?		X
I enroll in a teacher certification program (where my school does not award an academic credential)?		X

➤ **GAINFUL EMPLOYMENT**

To prepare students for gainful employment in a recognized occupation, the US Department of Education requires colleges to disclose certain financial information. Details can be found at www.morgancc.edu/gainfulemployment.

➤ **NOTICE OF NON-DISCRIMINATION**

Morgan Community College prohibits all forms of discrimination and harassment including those that violate federal and state law, or the State Board for Community Colleges and Occupational Education Board Policies 3-120 or 4-120. The College does not discriminate on the basis of sex/gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, genetic information, gender identity, or sexual orientation in its employment practices or educational programs and activities. Morgan Community College will take appropriate steps to ensure that the lack of English language skills will not be a barrier to admission and participation in vocational education programs.

ADA STATEMENT

Morgan Community College complies with and fully supports Section 504 of the vocational rehabilitation act of 1973 with amendments of 1974 as well as the Americans with Disabilities Act (ADA) of 1990. "No qualified individual with a disability shall, by reason of such disability, be subjected to discrimination." Students have the responsibility to self-identify to the institution as a person with a disability or special need. Appropriate documentation must be provided to the ADA coordinator. Students of special populations may be eligible for "reasonable accommodations" so long as they meet and follow MCC policy and procedure. <http://www.morgancc.edu/students/future-students/disability-services/>. Those wishing to seek accommodations must contact the ADA Coordinator, Dan Marler at (970) 542-3157.

MANDATED REPORTERS

All MCC employees are responsible for ensuring their work and educational environments are free from illegal discrimination, sexual harassment, and related retaliation.
