## SSN CONFIDENTIALITY and PROTECTION

Your social security number is confidential and protected by both federal and state laws. The college will protect this number from unauthorized disclosure and/or use. In compliance with state and federal regulations/laws, disclosure may be authorized for the purposes of state and federal reporting. Refusal to provide your social security number may result in one or more of the following:

1. Student may not receive a 1098T for Hope Scholarship and Lifetime federal tax credit because the federal government requires a social security number of tax identification number.
2. Student will not be awarded any federal financial aid, which includes loans and grants because providing a social security number is required by the federal government to determine eligibility.
3. Student may not be included in various college, state, federal reports, and other statistical information that affect funding and graduation rates.
4. Student may not be identifiable on National Student Loan Clearing House enrollment and degree verification information. Likewise, employers may not be able to verify that a degree or certificate was awarded.
5. Student must memorize and maintain the assigned student identification number because there will be no other method to locate records.
6. Student may not be eligible for State of Colorado tuition assistance programs.
