

### **RN to BSN Program Outcome Data (Updated December 2020)**

Program outcome data is not yet available. Once available, data will be accessible here.

**Program Outcome 1:**  $\geq 80\%$  or higher of the students will complete their program within 150% of the length of the program from the start of the first nursing course.

**Program Outcome 2:**  $> 80\%$  of graduates will rate average or above average 9 months after graduation their preparation to carry out the role of the Baccalaureate Nurse on their graduate/alumni survey.

**Program Outcome 3:**  $> 80\%$  of graduates surveyed will have employment as an RN within nine months of graduation.
